## Qualified/Invited riders BidC tour Germany round 3

The following riders found themselves to build the tag teams for round 3 of Battle in da Club tour, Germany's first and sole Bmx Flatland tour.

The riders were allowed to choose a companion but one rule is that the teams can't enter a battle in the same constellation two times in a row with the exception of the winning team. So we don't see the same teams twice in series. Let the battles begin.
